Printing Methods:

- May be printed using either screen or digital process.
- Screen process posters may be back printed (2 sided) to obtain highest quality appearance.
- Printing should be done using UV resistant ink or a similar outdoor-durable ink.
- **DO NOT LAMINATE. Laminated posters are unusable.**

Substrates:

The following products are **APPROVED** for productions:

- Sihl Optilux
- Rexam (DMBP5)
- Lumatrans
- Milkyback
- Opaline
- Valeron

Please call regarding additional substrates

The following products **CANNOT BE USED**:

- Polyethylene and Polystyrene as they tend to shrink and wrinkle.
- Vinyl Products also wrinkle and become jammed in the structures.
